NOTICE

Project Internship Opportunities in Data Science & AI

This is to inform all MCA II SEMESTER Students that Froyo Technologies, a leader in Data Science & Artificial Intelligence consultation, is pleased to announce exciting Project Internship opportunities for college students. This program is designed to provide hands-on experience in real-time Data Science and AI project development. The details of Internship program are as follows:

Application Process:

- Interested candidates must qualify through the Froyo Technologies online assessment round.
- Students can register for the internship test using the link : <http://froyotechnologies.in/internship/registrations.aspx>
- A nominal fee of 100/- is required for the online exam and technical evaluation process.
- Students need to attempt the test within 24 Hrs. of Registration otherwise the exam will be deactivated.
- Last Date to Register and attempt the test: **5 June 2024**
- Selection will be based on merit.
- For Syllabus of the test and other information visit the link: <http://froyotechnologies.in/internship/registrations.aspx>

Project Assignments:

- Interns will work on specific projects related to data science and AI, such as data analysis, machine learning model development, algorithm implementation, and data visualization.
- Assignments will be based on skills, interests, and organizational needs.

Mentorship and Supervision:

- Each intern will have a mentor or supervisor for guidance, support, and regular feedback.
- Mentors will assist with project-related queries, provide learning resources, and help develop skills.

Confidentiality and Intellectual Property:

- Interns must sign a confidentiality agreement.

Xavier Institute of Management and Informatics

- Intellectual property rights for the work completed will be determined by Froyo Technologies' policies.

Learning and Development:

- Interns will have access to training materials, workshops, seminars, and other learning opportunities.
- Active participation in these activities is encouraged to enhance knowledge and skills.

Performance Evaluation:

- Evaluation will be based on project outcomes, technical competence, communication skills, and collaboration.
- Performance evaluations will determine the release of any applicable stipend.

Compensation and Benefits:

- Financial compensation, stipends, or other benefits may be offered based on organizational policies and individual performance.
- Details regarding compensation and benefits will be communicated to selected interns.

Termination:

Froyo Technologies reserves the right to terminate an intern's participation due to poor performance, policy violations, or other justifiable reasons.
